2nd May 2017

Melton Renewable Energy UK PLC (“MRE UK”)

Ovenden Moor Repower – RO Accreditation

Yorkshire Windpower Limited (“YWP”) is a 50% owned indirect subsidiary of MRE UK. YWP owns and operates a wind-farm at Royd Moor and is in the latter stages of a repowering project at Ovenden Moor.

During April 2017 Ofgem approved the Ovenden Moor repower project under the RO (at 0.9 ROCs per MWh) with effect from 24th January 2017.

The project is close to completion and is expected to be transferred to operations during the course of May.
